INDEX TO VOLUME 98

POSTGRADUATE MEDICINE

JULY-DECEMBER 1995

SUBJECTS

ACCIDENT PREVENTION
• Safety precautions for the smell-impaired. 98(1):117
ACQUIRED IMMUNODEFICIENCY SYNDROME: See AIDS
ADOLESCENTS: See Pediatrics
AGING
• Iron deficiency anemia, diagnostic strategy in older patients. 98(2):213*
• Risk for acute acalculous cholecystitis, diagnosis and treatment. 98(3):199*
• Screening for thyroid disease in elderly patients. 98(2):56
AIDS
• HIV and sexually transmitted diseases, preventive strategies. 98(3):52
• HIV testing, applications and limitations of current tests. 98(5):177*
ALCOHOLISM
• Fetal alcohol syndrome, clinical manifestations and economic impact, counseling for prevention. 98(5):197*
• Physicians with chemical dependency. (ED) 98(3):15
ALLERGY
• Drug, algorithm for managing patient care, minimizing risks. 98(2):159*
• Latex sensitivity, risk factors and appropriate action. 98(3):173*
ANAPHYLAXIS
• Reaction to blood transfusion. 98(1):162
• Reaction to latex, risk factors and management. 98(3):179
ANEMIA
• Iron deficiency, endoscopic evaluation in older patients. 98(2):213*
ANGINA PECTORIS: See Cardiovascular diseases
ANKLE
• Pain, Achilles tendon rupture, questions about treatment. 98(3):145*
• Plantar fasciitis in runners, causes and treatment. 98(4):191
ATHLETES
• Runners, lower extremity injuries, causes and rehabilitation methods. 98(4):185*

*Major clinical discussion
CR, Case Report
ED, Editorial
PH, Physician-at Large
PN, Patient Notes

BIOPSY
• Fine-needle aspiration, in diagnosis of solitary thyroid nodules. 98(2):78
• Stereotactic core. 98(4):58
BLEEDING: See Hemorrhage
BLOOD
• Loss, gastrointestinal, cause of iron deficiency anemia in older adults. 98(2):213*
• Repletion in patients with variceal bleeding. 98(6):143
• Tests for detecting liver disease. 98(1):49*
• Transfusion, noninfectious reactions, recognition and response. 98(1):159*
BLOOD TRANSFUSION
• Complications, recognizing and responding to noninfectious reactions. 98(1):159*
• Parenteral transmission of hepatitis C virus. 98(1):79
BREAST DISEASES
• Cancer, adjuvant systemic therapy, recommendations for post-treatment follow-up. 98(4):85*
• Cancer, psychosocial issues. 98(4):97*
• Screening and diagnostic breast imaging procedures. 98(4):44*
• Tumors, local and regional therapy, overview. 98(4):65*

CANCER: See Neoplasms
CARDIOVASCULAR DISEASES
• Angina pectoris, chronic stable, strategies for effective drug therapy. 98(6):175*
• Angina pectoris, unstable, patient evaluation and identifying patients at risk. 98(6):155*
• Angina, use of invasive procedures, pros and cons. 98(3):124
• Aortic valvular disease in adults, management of aortic stenosis and aortic regurgitation. 98(1):127*
• Arteriosclerosis obliterans, diagnostic and nonoperative treatment options. 98(5):203*
• Atherosclerosis, prevention, role of antioxidants. 98(1):175*
• Cardiac evaluation before surgery, tools and tests for assessing risk. 98(4):171*
• Congestive heart failure, guidelines for management by primary care physicians. 98(5):127*
• Dyslipidemia, current role of niacin in treatment. 98(2):185*
• Giant cell arteritis, clinical presentation, treatment. 98(2):200
• Hypercholesterolemia, dietary advice on meat. 98(4):113*
• Hypertensive encephalopathy, diagnosis and treatment. 98(2):199
• Infective endocarditis, antibiotic prophylaxis for medical and dental procedures, review of controversial issues and American Heart Association guidelines. 98(2):137*
• Ischemic stroke-related headache. 98(2):198
• Thrombosis, dural vein, diagnosis and treatment. 98(2):206
• Varicose veins. (PN) 98(1):200
• Vasculitis, diagnosis and treatment. 98(2):201
CATHETERIZATION
• Cardiac, for patients with unstable angina. 98(6):162
• Cardiac, in angina patients, pros and cons. 98(3):124
• Cardiac, in assessing aortic stenosis. 98(1):129
CHEMOTHERAPY: See Drugs, antineoplastic
CHOLESTEROL
• Dyslipidemia, current role of niacin in treatment. 98(2):185*
• Hypercholesterolemia, dietary advice on meat. 98(4):113*
• Low-density lipoprotein (LDL), role of antioxidation in preventing atherosclerosis. 98(1):175
COCAINE
• Use, overview of medical consequences. 98(2):173*
COLONIC DISEASES: See Gastrointestinal diseases
CONSTIPATION
• Detecting and overcoming causes. 98(5):115

DELIVERY OF HEALTHCARE
• Healthcare safety net under fire by Congress. (ED) 98(6):15
• Importance of medical education to quality healthcare, effect of budget-cutting frenzy. (ED) 98(5):23
• Importance of physician attitude in providing quality patient care. (ED) 98(2):15
DENTAL DISEASE
• Antibiotic prophylaxis for dental and medical procedures, review of controversial issues and American Heart Association guidelines. 98(2):137*
DEPRESSION
• In chronic pain sufferers, treatment. 98(4):156
DIABETES
• Type II, new oral hypoglycemic agents for more aggressive approach to therapy. 98(6):110*
DIAGNOSTIC TECHNIQUES
• Audiometry to detect hearing loss. 98(4):203
• Bidirectional endoscopy in evaluation of iron deficiency anemia in older patients. 98(2):216
• For acute cholecystitis. 98(3):199*
• For aortic stenosis in adults. 98(1):129
• For colorectal neoplasms. 98(5):104
• HIV testing, applications and limitations of current tests. 98(5):177*
• In assessing cardiovascular status prior to surgery. 98(4):172
• In evaluating causes of constipation. 98(5):116
• In evaluating causes of fecal incontinence. 98(5):124
• In evaluating solitary thyroid nodule. 98(2):73
• Invasive procedures in evaluation of angina pectoris. 98(3):124
• Molecular diagnostics, role in diagnosis of genital ulcer disease in future. 98(3):69
• Olfactory testing for smell impairment. 98(1):109
• Tuning fork tests to evaluate hearing loss. 98(4):203
DRUG ABUSE
• Cocaine use, overview of medical consequences. 98(2):173*
DRUG THERAPY
• For adjunctive treatment of schizophrenia. 98(5):167
• For congestive heart failure. 98(5):129
• For relief of anginal symptoms. 98(6):176
• Niacin in treatment of dyslipidemia. 98(2):186
• Oral anticoagulant therapy, risk factors for bleeding, case reports. 98(3):153*
• Oral hypoglycemic agents for type II diabetes, new agents. 98(6):110*
DRUGS, ADVERSE REACTION
• Allergic drug reactions, minimizing risks and managing care of patients with history of drug allergy. 98(2):159*
• Nonimmunologic, recognizing and categorizing common reactions. 98(1):120*
DRUGS, ANTIANGINAL
• For treating patients with stable angina. 98(6):176
DRUGS, ANTIBIOTIC
• Penicillin, allergic reactions. 98(2):160
• Prophylaxis for medical and dental procedures, review of American Heart Association guidelines and controversial issues. 98(2):137*
• Sulfonamides, allergic reactions. 98(2):163
DRUGS, ANTICOAGULANT
• Oral, risk factors for bleeding, illustrative case reports. 98(3):153*
continued

DRUGS, ANTIFUNGAL
• Oral and topical, for superficial fungal infections. 98(6):61*
DRUGS, ANTIHISTAMINE
• For persons at risk for allergic reactions to latex. 98(3):182
DRUGS, ANTINEOPLASTIC
• Combination chemotherapy for breast cancer. 98(4):85
DRUGS, ANTIVIRAL
• Alpha interferon for chronic hepatitis B. 98(1):102
• Interferon for chronic hepatitis C. 98(1):87
DRUGS, DIURETIC
• For congestive heart failure. 98(5):129
DRUGS, HYPOGLYCEMIC
• Oral, for non-insulin-dependent diabetes, new agents for more aggressive approach to therapy. 98(6):110*
DRUGS, NEUROLEPTIC
• For chronic schizophrenia. 98(5):163
DRUGS, NONSTEROIDAL ANTI-INFLAMMATORY (NSAIDs)
• Allergic or adverse reactions. 98(2):164
DRUGS, SALICYLATE
• Aspirin, allergic or adverse reactions. 98(2):164
• Aspirin, in initial treatment of angina. 98(6):158
DRUGS, VASODILATOR
• For congestive heart failure. 98(5):130
• Nifedipine for chronic aortic regurgitation. 98(1):135

EAR DISEASES
• Hearing loss, types, individualizing treatment. 98(4):197*
ECHOCARDIOGRAPHY
• In diagnosis of aortic stenosis in adults. 98(1):129
• In evaluation of aortic regurgitation. 98(1):133
• Transthoracic, in suspected congestive heart failure. 98(5):128
EDUCATION, MEDICAL
• Effect of budget-cutting on undergraduate and graduate programs. (ED) 98(5):23
ELDERLY: See Aging
ELECTROCARDIOGRAPHY
• In diagnosis and treatment of unstable angina. 98(6):156
EMERGENCY MEDICINE
• Fingertip and nail bed injuries, common types and repair techniques. 98(5):217*
• Heatstroke and other heat-related maladies, diagnosis and treatment. 98(1):26*

ENDOCRINE DISORDERS
• Diabetes: See Diabetes
• Solitary thyroid nodules, key elements in evaluation. 98(2):73*
• Thyroid diseases, perioperative management, prevention of complications. 98(2):83*
• Thyroid screening, current recommendations. 98(2):54*
• Thyroiditis, five types, guide to signs and symptoms. 98(2):101*
ENDOSCOPY
• Bidirectional, in evaluation of iron deficiency anemia in older patients. 98(2):216
• Endoscopic sclerotherapy for management of variceal hemorrhage. 98(6):145
EQUIPMENT
• Latex gloves, sensitivity to, cause of contact dermatitis, risk factors and treatment. 98(3):173*
EXERCISE
• Lower extremity injuries in runners, causes and rehabilitation methods. 98(4):185*
• Training, in diagnosis and treatment of arteriosclerosis obliterans. 98(5):209
EYE DISORDERS
• Corneal erosions, recurrent, role of primary care physician in diagnosis and management. 98(5):155*

FEVER
• Febrile nonhemolytic transfusion reaction. 98(1):170
FOOT DISORDERS
• Achilles tendinitis in runners, diagnosis and treatment. 98(6):192
• Achilles tendon rupture, questions about treatment. 98(3):145*
• Plantar fasciitis in runners, causes and treatment. 98(4):191
FRACTURES
• Stress, running-related, diagnosis and treatment. 98(4):192
FUNGAL DISEASES
• Superficial fungal infections, clinical presentations and treatment regimens. 98(6):61*

GALLBLADDER DISEASES
• Acute acalculous cholecystitis, diagnosis and treatment. 98(3):199*
GASTROINTESTINAL DISEASES
• Acute acalculous cholecystitis, diagnosis and treatment. 98(3):199*
• Blood loss, cause of iron deficiency anemia in older adults, endoscopic evaluation. 98(2):213*
• Colorectal neoplasms, diagnosis and treatment, practical and affordable screening. 98(5):97*
• Constipation and fecal incontinence, detecting and overcoming causes. 98(5):115*
• Giardiasis, diagnosis and treatment. 98(2):155*
• Hepatitis: See Hepatitis
• Inflammatory diseases of colon, diagnosis and treatment. 98(5):46*
• Irritable bowel syndrome. (PN) 98(5):248
• Stress ulcers, risks and benefits of prophylactic therapy. 98(4):159*
• Variceal bleeding in chronic liver disease, causes, management, and prevention. 98(6):131*
• Variceal bleeding, management options. 98(6):143*
GENITAL DISEASES
• Human papillomavirus infection, recent advances in detection and on progression to cervical cancer. 98(3):109*
• Testicular pain, chronic, work-up and treatment guide. 98(4):151*
• Ulcer disease, sexually transmitted, diagnosis and management. 98(3):67*
• Vaginal discharge, symptoms of genital infections, pinpointing cause. 98(3):87*
• Vaginal infection. (PN) 98(4):238
GERIATRICS: See Aging

HAND
• Carpal tunnel syndrome. (PN) 98(3):216
• Fingertip and nail bed injuries, common types and repair techniques. 98(5):217*
HEADACHE
• Clinical assessment to rule out secondary causes, neurologic evaluation. 98(2):197*
• Migraine. (PN) 98(2):238
HEALTH POLICY
• Will Congress shred the safety net? (ED) 98(6):15
HEAT EXHAUSTION
• Diagnosis and treatment of heat-related illnesses. 98(1):26*
HEMATOLOGIC DISEASES
• Acute hemolytic transfusion reaction. 98(1):159
• Bleeding, complication of oral anticoagulant therapy, illustrative case reports. 98(3):153*
• Iron deficiency anemia in older patients, endoscopic evaluation. 98(2):213*
HEMORRHAGE
• Bleeding, complication of oral anticoagulant therapy, investigation and treatment. 98(3):153*
• Gastrointestinal, from stress-related ulcers, risks and benefits of preventive therapy. 98(4):159*
• Intracranial, and ischemic stroke, diagnosis. 98(2):198
• Subarachnoid, diagnosis. 98(2):197
• Variceal bleeding in patients with chronic liver disease, causes, management, and prevention. 98(6):131*
• Variceal bleeding, management options. 98(6):143*
HEMORRHOIDS
• Internal and external, diagnosis and treatment. 98(5):81*
HEPATITIS
• B, chronic, identifying those at risk for progressive liver disease, treatment. 98(1):99*
• B, immunization guidelines. 98(5):142
• C, recent advances in understanding and management. 98(1):79*
• Viral, changing epidemiologic findings and effect on serologic screening. 98(1):65*
• Viral, diagnostic evaluation. 98(1):54
HYPERTHYROIDISM
• Physiologic effects and perioperative management. 98(2):83
HYPOTHYROIDISM
• Physiologic effects and perioperative management. 98(2):96

IMMUNIZATION
• Current guidelines for seven vaccine-preventable diseases. 98(5):141*
• Hepatitis B vaccine. 98(1):105
• Recent developments against six common infectious diseases. 98(4):133*
INCONTINENCE
• Fecal, detecting and overcoming causes. 98(5):115
INFANTS
• Diaper dermatitis, treatment and prevention. 98(6):79*
INFECTION
• Candidiasis in diaper area, treatment. 98(6):81
• Central nervous system, diagnosis and treatment. 98(2):204
• Fungal, superficial, clinical presentations and treatment regimens. 98(6):61*
• Genital, in women, pinpointing cause of vaginal discharge. 98(3):87*
• Genital ulcer disease, sexually transmitted, diagnosis and management. 98(3):67*

• Giardiasis, diagnosis and treatment. 98(2):155*
• HIV, and sexually transmitted diseases, preventive strategies. 98(3):52*
• HIV testing, applications and limitations of current tests. 98(5):177*
• Human papillomavirus, recent advances in detection and on progression to cervical cancer. 98(3):109*
• Infectious colitis, causes and diagnosis. 98(5):67
• Infectious diseases, vaccination update. 98(4):133*
• Infective endocarditis, antibiotic prophylaxis for medical and dental procedures, review of controversial issues and American Heart Association guidelines. 98(2):137*
• Pediculosis and scabies, diagnosis and treatment, patient education. 98(6):89*
• Perianal abscess and fistula, diagnosis and treatment. 98(5):87
• Vaccine-preventable diseases, current immunization guidelines. 98(5):141*
• Vaginal. (PN) 98(4):238

INFLAMMATION
• Cholecystitis, acute acalculous, diagnosis and treatment. 98(3):216
• Colitis, diagnosis and treatment. 98(5):46*
• Inflammatory nasal disease causing smell impairment, evaluation and management. 98(1):107
• Thyroiditis, differentiating types, guide to signs and symptoms. 98(2):101*

INFLUENZA
• Immunization guidelines. 98(5):144

INJURIES: See Trauma

IRON
• Deficiency anemia, diagnostic strategy in older patients. 98(2):213*

KNEE INJURIES
• Patellofemoral syndrome (runner's knee), causes and treatment. 98(4):185

LABORATORY INVESTIGATION
• Arterial blood gases and pulse oximetry in evaluation of dyspnea. 98(4):221
• Common blood tests for detecting liver disease. 98(1):49*
• Cytologic classification of cervical lesions. 98(3):109
• For suspected congestive heart failure. 98(5):128
• HIV testing, applications and limitations of current tests. 98(5):177*
• In diagnosis of symptomatic arteriosclerosis obliterans. 98(5):204
• In initial evaluation of colitis. 98(5):46
• In preoperative cardiac evaluation. 98(4):171
• In preparticipation sports examination. 98(2):129
• Stool examination for *Giardia lamblia*. 98(2):155
• Thyroid function tests. 98(2):61
• Thyroid function tests in evaluating solitary thyroid nodules. 98(2):74

LEG
• Anterior tibial pain in runners, causes and treatment. 98(4):187
• Iliotibial band syndrome, causes and treatment. 98(4):186
• Varicose veins. (PN) 98(1):200

LIVER DISEASES
• Chronic, variceal bleeding, causes, management, and prevention. 98(6):131*
• Complicated by variceal bleeding, management options. 98(6):143*
• Detection, common blood tests. 98(1):49*
• Effects of niacin on liver. 98(2):188
• Hepatitis B, chronic, identifying those at risk for progressive liver disease, treatment. 98(1):99*
• Hepatitis C, recent advances in understanding and management. 98(1):79*
• Viral hepatitis, changing epidemiologic findings and effect on serologic screening. 98(1):65*

LUNG DISEASES
• Breathlessness, identifying and treating cause of dyspnea. 98(4):215*
• Transfusion-related acute lung injury. 98(1):169

MAMMOGRAPHY
• Screening and diagnostic. 98(4):46*

MEDICAL INDIGENCY
• Healthcare safety net, increasing use and threatened funding cuts. (ED) 98(6):15

MEDICAL PRACTICE
• Golden rules for collaboration. (ED) 98(4):15
• Importance of physician attitude in providing quality patient care. (ED) 98(2):15

MENINGITIS
• Meningococcal disease, immunization guidelines. 98(5):149

MIGRAINE: See Headache

MUSCULOSKELETAL DISORDERS
• Achilles tendon rupture, questions about treatment. 98(3):145*
• Carpal tunnel syndrome. (PN) 98(3):216
• Lower extremity injuries in runners, causes and mechanisms involved, rehabilitation methods. 98(4):185*
• Walking intolerance due to intermittent claudication from arteriosclerosis obliterans, diagnostic and nonoperative treatment options. 98(5):203*
• Wrist injuries, diagnosis and treatment. 98(1):147*

NASAL DISORDERS
• Smell impairment, causes, evaluation, and management. 98(1):107*

NEOPLASMS
• Brain tumor. 98(2):200
• Breast cancer, adjuvant systemic therapy, recommendations for posttreatment follow-up. 98(4):85*
• Breast cancer, psychosocial issues. 98(4):97*
• Breast, screening and diagnostic breast imaging procedures. 98(4):44*
• Cervical cancers, role of human papillomavirus. 98(3):112
• Colorectal, diagnosis and treatment, practical and affordable screening. 98(5):97*
• Nodules, thyroid, key elements in evaluation. 98(2):73*
• Nonmelanoma skin cancer, risk factors and patient education, management. 98(6):39*
• Primary breast tumors, local and regional therapy, overview. 98(4):65*

NEUROLOGIC MANIFESTATIONS
• Encephalopathy, hypertensive, diagnosis and treatment. 98(2):199
• Head pain as clue to intracranial disease, neurologic evaluation and diagnostic testing. 98(2):197*

NUTRITION
• Dietary risk factors for colorectal neoplasms. 98(5):103
• Meat consumption, dietary advice for patients with hypercholesterolemia. 98(4):113*
• Niacin in treatment of dyslipidemia. 98(2):185

OBSTETRICS/GYNECOLOGY
• Fetal alcohol syndrome, clinical manifestations, counseling for prevention. 98(5):197*
• Genital infections with vaginal discharge as symptom, overview of diagnosis and treatment. 98(3):87*
• Human papillomavirus infection, recent advances in detection and on progression to cervical cancer. 98(3):109*
• Vaginal infection. (PN) 98(4):238

OCCUPATIONAL DISEASES
• Latex sensitivity in healthcare workers, risk factors and treatment. 98(3):173
• Risk of hepatitis in healthcare workers. 98(1):71

OCULAR DISORDERS: See Eye disorders

ONCOLOGIC DISEASES: See Neoplasms

OTORHINOLARYNGOLOGIC DISEASES
• Hearing loss, types, individualized management. 98(4):197*
• Smell impairment, causes, evaluation, and management. 98(1):107*

PAIN
• Headache: See Headache
• Testicular pain, chronic, workup and treatment guide. 98(4):151*
• Wrist, in adult athletes, diagnostic workup and appropriate treatments. 98(1):147*

PARASITIC DISEASES
• Giardiasis, diagnosis and treatment. 98(2):155*
• Pediculosis and scabies, diagnosis and treatment, patient education. 98(6):89*

PATIENT EDUCATION
• Carpal tunnel syndrome. (PN) 98(3):216
• Irritable bowel syndrome. (PN) 98(5):248
• Migraine. (PN) 98(2):238
• Psoriasis. (PN) 98(6):206
• Vaginal infection. (PN) 98(4):238
• Varicose veins. (PN) 98(1):200

PEDIATRICS
• Current immunization guidelines for Hib, hepatitis, polio, varicella, influenza, pneumococcal and meningococcal disease. 98(5):141*
• Diaper dermatitis, treatment and prevention. 98(6):79*
• Fetal alcohol syndrome, clinical manifestations and economic impact, counseling for prevention. 98(5):197*
• Fingertip injuries, treatment guidelines. 98(5):230
• Immunization against six common infectious diseases, recent developments. 98(4):133*

continued

• Preparticipation sports examinations in children and adolescents, guidelines for efficient risk assessment. 98(2):123*

PHYSICAL EXAMINATION

• Preparticipation sports examinations in children and adolescents, guidelines for efficient risk assessment. 98(2):123*

PHYSICIANS

• Attitude and quality patient care, "frays" and "nicks" can unravel the goal of medicine. (ED) 98(2):15

• Dependency on alcohol and other chemicals. (ED) 98(3):15

• Golden rules for collaboration and consultation. (ED) 98(4):15

PNEUMONIA

• Pneumococcal disease, immunization guidelines. 98(5):146

PREGNANCY: See Obstetrics/Gynecology

PREVENTIVE MEDICINE

• Antibiotic prophylaxis for medical and dental procedures, review of guidelines from American Heart Association and other controversial issues. 98(2):137*

• Counseling to prevent fetal alcohol syndrome. 98(5):199

• Current immunization guidelines for Hib, hepatitis, polio, varicella, influenza, pneumococcal and meningococcal disease. 98(5):141*

• Immunization against six common infectious diseases, recent developments. 98(4):133*

• Measures to prevent nonmelanoma skin cancer. 98(6):55

• Physician's role in prevention of HIV and sexually transmitted diseases. 98(3):52*

• Preventing variceal bleeding, methods. 98(6):134

• Prevention of atherosclerosis, role of antioxidants. 98(1):175*

• Prevention of hepatitis B with vaccine. 98(1):105

• Prophylaxis for stress ulcers, risks and benefits. 98(4):159*

• Screening for colorectal neoplasms, risk factors and recommendations. 98(5):97*

• Steps to preventing heatstroke. 98(1):33

PROSTHESIS

• Prosthetic joints, prophylactic antibiotics for patients undergoing medical and dental procedures. 98(2):137*

PSYCHIATRIC/PSYCHOSOCIAL DISORDERS

• Alcoholism and other chemical dependency in physicians. (ED) 98(3):15

• Chronic schizophrenia, current options for effective treatment. 98(5):163*

• Cocaine use, overview of medical consequences. 98(2):173*

• Psychosocial issues in breast cancer, physicians' role in support and referral. 98(4):97*

PUBLIC HEALTH

• Epidemiology of viral hepatitis, changes in risk factors and transmission. 98(1):65*

• Prevention of atherosclerosis, role of antioxidants. 98(1):175*

QUALITY OF HEALTHCARE

• Effect of physician attitude on quality patient care. (ED) 98(2):15

RADIOGRAPHY

• Imaging procedures in breast cancer detection and evaluation. 98(4):44*

RADIOLOGIC DIAGNOSIS

• Radionuclide scanning of thyroid for nodules. 98(2):77

RADIOTHERAPY

• For nonmelanoma skin cancer. 96(6):48

RECTAL DISEASES

• Anorectal disorders, five common conditions, diagnosis and treatment. 98(5):81*

• Colorectal neoplasms, diagnosis and treatment, practical and affordable screening. 98(5):97*

• Constipation and fecal incontinence, detecting and overcoming causes. 98(5):115*

RESPIRATORY DISEASES

• Breathlessness, identifying and treating cause of dyspnea. 98(4):215*

• Transfusion-related acute lung injury, clinical course, treatment. 98(1):169

SAFETY: See Accident prevention

SCREENING

• Alcoholism, T-CAGE questionnaire, in counseling to prevent fetal alcohol syndrome. 98(5):200

• For breast cancer, diagnostic imaging procedures. 98(4):44*

• For cervical cancer, guidelines from the American College of Obstetricians and Gynecologists. 98(3):112

• For cocaine use. 98(2):173

• For colorectal neoplasms, risk factors and screening recommendations. 98(5):97*

• For thyroid disease, current recommendations. 98(2):54*

• Serologic, for viral hepatitis. 98(1):72

• Tests for evaluation of dyspnea. 98(4):219

SEXUALLY TRANSMITTED DISEASES

• Genital infections in women, overview of diagnosis and treatment. 98(3):87*

• Genital ulcer disease, diagnosis and management. 98(3):67*

• HIV transmission, preventive strategies. 98(3):52*

• Human papillomavirus infection, recent advances in detection and on progression to cervical cancer. 98(3):109*

• Sexual transmission of hepatitis C virus. 98(1):80

SKIN DISEASES

• Condylomata acuminata, diagnosis and treatment 98(5):89

• Contact dermatitis from sensitivity to latex, identifying people at risk and treatment. 98(3):173*

• Diaper dermatitis, treatment and prevention. 98(6):79*

• Nonmelanoma skin cancer, risk factors and patient education, management. 98(6):39*

• Pediculosis and scabies, diagnosis and treatment, patient education. 98(6):89*

• Pruritus ani, diagnosis and treatment. 98(5):89

• Psoriasis. (PN) 98(6):206

• Superficial fungal infections, clinical presentations and treatment regimens. 98(6):61*

• Urticarial reactions to blood transfusions. 98(4):171

SMOKING

• Cessation, factor in medical management of arteriosclerosis obliterans. 98(5):207

SOCIAL RESPONSIBILITY

• Moral questions in dismantling healthcare safety net with Congressional budget cuts. (ED) 98(6):15

SPECIALTIES, MEDICAL

• Golden rules for collaboration and consultation. (ED) 98(4):15

SPORTS

• Adult athletes with wrist pain, diagnostic workup and appropriate treatments. 98(1):147*

• Preparticipation examinations, guidelines for history taking and physical examination. 98(2):123*

• Runners, lower extremity injuries, causes and rehabilitation methods. 98(4):185*

STRESS

• Ulcers, risk for gastrointestinal hemorrhage, risks and benefits of prophylactic therapy. 98(4):159*

SUBSTANCE ABUSE: See Drug abuse

SURGERY

• Cryosurgery for actinic keratosis. 98(6):46

• Electrodesiccation and curettage for basal cell carcinoma. 98(6):48

• For breast cancer, overview. 98(4):68

• For pulp and fingertip injuries. 98(5):223

• Moh's surgery for skin cancer. 98(6):48

• Orthopedic, to repair Achilles tendon, pros and cons. 98(3):147

• Portal-systemic shunt for variceal bleeding. 98(6):150

• Preoperative cardiac evaluation, tools and tests for assessing risk. 98(4):171*

• Surgical risks in patients with thyroid diseases, effects of physiologic abnormalities. 98(2):83*

• Valve replacement for aortic stenosis in adults. 98(1):130

• Valve replacement for patients with chronic aortic regurgitation. 98(1):135

THERAPEUTICS

• Alpha interferon for chronic hepatitis B. 98(1):102

• Angioplasty for patients with angina, thoughts on its overuse. 98(3):124

• Blood component therapy, transfusion reactions. 98(4):159*

• Cooling methods for heatstroke. 98(1):31

• Interferon for chronic hepatitis C. 98(1):87

THYROID DISEASES

• Perioperative management, prevention of complications. 98(2):83*

• Screening, current recommendations. 98(2):54*

• Solitary nodules, key elements in evaluation. 98(2):73*

• Thyroiditis, five types, guide to signs and symptoms. 98(2):101*

TRAUMA

• Achilles tendon rupture, questions about treatment. 98(3):145*

• Corneal erosions, recurrent, role of primary care physician in diagnosis and management. 98(5):155*

• Fingertip and nail bed injuries, common types and repair techniques. 98(5):217*

• Head, cause of smell impairment. 98(1):109

• Heatstroke and other heat-related illnesses, diagnosis and treatment. 98(1):26*

• Lower extremity injuries in runners, diagnosis and treatment. 98(4):185
• Wrist, in adult athletes, diagnostic workup and appropriate treatments. 98(1):147*
TUMORS: See Neoplasms

ULCER
• Anal fissure, diagnosis and treatment. 98(5):84
• Genital, sexually transmitted, diagnosis and management. 98(3):67*
• Stress, risks and benefits of prophylactic therapy. 98(4):159*
ULTRASONICS
• Ultrasound in detection and evaluation of thyroid nodules. 98(2):74
UROLOGIC DISEASES
• Testicular, chronic, workup and treatment guide. 98(4):151*

VACCINATION: See Immunization
VARICOSE VEINS
• Patient information. (PN) 98(1):200
